The Chairperson, President and Members of the Governing Body of the Institute of Technology Carlow cordially invite you to attend

PIVOT IN A PANDEMIC – Webinar

Institute of Technology Carlow's biennial seminar on collaboration in higher education

Tuesday, 23rd March 2021 from 10:00am to 1:00pm

As everyone came to terms with a global pandemic, higher education pivoted to an online platform where possible. Maintaining quality assurance and supporting students through this difficult time are some of the challenges faced by the sector. Linked Providers have the additional challenges of trying to deliver programmes, which include clinical and work based elements. This seminar will explore the various challenges and learnings from this experience.

If you haven't already, please RSVP via Eventbrite by 19th March 2021
